November 26 | Turkey Burn (4:30-6:30pm)

November 27-29 | Thanksgiving Break

TITUSVILLE YMCA
Group Exercise – November 2025

Classes in any intensity category can be modified for individuals of all fitness levels

LOW INTENSITY

Balance & Fall Prevention – Stability starts here as you develop muscles that are vital for balance and to protect against falls. This class will help to reduce injuries, increase flexibility, strengthen muscles, and improve posture.

Gentle Stretch – Focus on increasing flexibility, improving posture, strength and balance, as well as work on breathing techniques for better endurance and circulation. Mats and chairs are available for seated exercises and/or for standing balance poses.

Pilates – A stress relieving, low impact mat workout with a strong focus on core conditioning, while improving muscular strength, flexibility, balance, and posture.

SilverSneakers® Classic – Seated and standing exercises to increase muscular strength, range of motion and activities for daily living.

MEDIUM INTENSITY

Body Sculpting – Strengthen and tone during a full body workout using free weights, resistance bands, body bars, stability balls, medicine balls, and your own body weight.

Cardio Circuit – Get your heart rate pumping with this fun, energizing aerobics mix of step and kickboxing, combined with resistance training.

Cycle Circuit – Get the best of both worlds! A mix of “Group Cycle” and “Body Sculpting,” which provides a great cardiovascular workout and full body toning and strengthening.

Cycle Express – A 20–30 minute indoor cycling class designed to boost your cardio fitness and energize your day. Perfect for a quick, effective workout!

Fitness with Weights – Get your heart pumping to improve cardiovascular fitness and also strengthen and tone with a full body workout.

SilverSneakers® Circuit – Standing upper-body strength work alternated with low impact cardio using a chair for standing support.

Zumba Toning – Latin inspired dance-fitness class that incorporates international music and dance movements. Zumba creates a party like atmosphere that provides a non-intimidating opportunity for non-dancers, new exercisers or those looking for a change of pace. Zumba Toning is perfect for those who want to party, but put extra emphasis on toning and sculpting to define those muscles!

HIGH INTENSITY

HIIT (High Intensity Interval Training) – Push your limits with this high intensity class with varying workouts focusing on strength and cardiovascular conditioning.

Total Body Fitness – Push your limits with this high-intensity fitness class that incorporates sessions of 20 seconds of near max effort followed by 10 seconds of rest, full body strengthening, and cardiovascular conditioning.
